

Military Approved (QPL) Switches

Minimize design time with proven designs, exceptional quality and speed to market.

TW Switches

MILITARY APPROVED (QPL) SWITCHES

For decades, ITW Switches has been a trusted partner in military and aerospace designs. With dozens of military qualified designs, we have the approved products that can be integrated into new design projects.

Known for our high-load snap action switches, the ITW Butterfly double break design provides reliable, long lasting results. Our Illinois facility has AS9100D with ISO 9001-2015 certification and all switches are 100% inspected.

Our engineering staff has the knowledge and background to help choose the right switch for your application.

How can we help you?

APPLICATIONS

- Communications
- Vehicle Lighting
- Landing Gear
- Missile Ejection/Activation
- Pilot Ejection
- Vehicle Brake Switches
- Aircraft Actuator/Contactors
- Aircraft Rotary Actuator
- Fuel Valves

KEY PRODUCTS

- KAP-16
- KAP-26
- Series-18
- Series-26
- Series-63
- Series-65

| Military Specification Number | Military Part Number | ITW Part Number | National Stock Number |
